In the letters read above, the Director of Rural Development and Panchayat Raj has stated that the Government of India has introduced Mission Antyodaya as a Central–State partnership programme to bring one crore household out of poverty and to make 50,000 Village Panchayats in the country poverty free by 2nd October 2019. This will be achieved by addressing all the dimensions of poverty through convergence of various Government schemes, sharing of infrastructure and resources and multi-pronged strategies to target households based on their specific deprivation. In Tamil Nadu, 2509 Village Panchayats have been identified across the State by District Collectors to implement 'Mission Antyodaya' with the aim to make them poverty free by 2nd October 2019.

2. The Director of Rural Development and Panchayat Raj has also stated that Mission Antyodaya is completely a state-led initiative where the intention is to demonstrate the power of convergence in transforming rural areas. The State Government has to create a detailed strategy for making a real difference to the lives of the poor and deprived households in the selected Mission Antyodaya Village Panchayats based on the inputs from the frame work for implementation evolved by the Ministry of Rural Development, Government of India.

3. The Director of Rural Development and Panchayat Raj has further stated that the Government of India, Ministry of Rural Development has suggested among others, that establishing co-ordination structures at various levels in the State for guiding the implementation of 'Mission Antyodaya' is absolutely necessary for better monitoring of interventions and outcomes in these 'Mission Antyodaya' Village Panchayats. Framework for implementation of 'Mission Antyodaya' recommends constitution of a State Level Co-ordination Committee under Hon'ble Chief Minister and State Level Steering Committee under Chief Secretary to Government.
