NOTE:

In the G.O first read above, the Government constituted a Committee to make recommendations on the applications from industrial or commercial undertakings and factories for exemption from the Tamil Nadu Land Reforms (Fixation of Ceiling on Land) Act by way of permission to acquire lands in excess of the ceiling limit under Section 37A of the Tamil Nadu Land Reforms (Fixation of Ceiling on Land) Act respectively.

2. Some changes were made in the constitution of Industrial Exemption Committee.

3. During, the review meeting Secretary to Government Revenue Department, observed that large number of files for grant of permission under Section 37-A of the Tamil Nadu Land Reforms (Fixation of Ceiling on Land) Act are pending for want of reports from the Director of Land Reforms office, who in turn is waiting reports from the Director of Industries and Commerce. It was also observed that there is inordinate delay in submitting reports from the Director of Industries and Commerce. The basic particulars about the land, location, area, nature of use made etc., are furnished by the Assistant Commissioner (Land Reforms) and also about the present and future use of the lands are furnished by the land owner. The reports will be available with the committee. The Government has to take an assessment of the present and future of the industry in respect of the utilisation of the land. Hence, it was proposed that there was no need for any report from the Director of Industries and Commerce.
