From the Director of Town & Country Planning, Chennai, Letter Roc.No.5492/2015/NPD, dated 27.10.2015.

ORDER:

In the letter read above, the Director of Town and Country Planning has stated that a proposal seeking funds amounting to Rs.957.60 lakh under Infrastructure and Amenities fund was received from the Tamil Nadu Slum Clearance Board for formation of 100 feet road on the eastern side in Perumbakkam scheme and the Tamil Nadu Slum Clearance Board is constructing 20,376 multistoried tenements with required infrastructure at Perumbakkam under Jawaharlal Nehru National Urban Renewal Mission to rehabilitate the slum families living in the objectionable areas at various parts of Chennai. This scheme is formulated over an extent of 200 acres of land wherein the basic and social infrastructures like school, ICDS centers, Health Centers, Community Hall, Vocational Centers, Ration Shop, Market, Library, Milk Booth etc., are being provided to cater the needs of the occupants of the tenements.

2. He has further stated that the rehabilitation site is located at a distance of 20 km away from Chennai City and most of the allottees have to commute to the core city for their work places to earn their livelihood. It is estimated that more than 1 lakh persons have to commute to City daily for livelihood, education, etc., In view of the mass transit of the families to core city and back daily, realizing the necessity of a bus terminus to cater the transport needs of the residents in the proposed scheme area. Tamil Nadu Slum Clearance Board has earmarked 5 acres of land to construct bus terminus.

3. He has also stated that during the meeting of High Level Committee chaired by the Chief Secretary it was decided that the cost of the proposed Bus Depot-cum-terminus may be met out from the Infrastructure and Amenities charges funds being maintained by the Director of Town & Country Planning and the proposal to sanction funds for the construction of Bus Depot-cum-terminus at Perumbakkam has been approved by the Infrastructure and Amenities Promotion Committee. The movement of buses from Perumbakkam Bus Terminus to city and back, require 100 feet on the eastern side of the scheme and in the layout for the Perumbakkam scheme, a 100 feet road has been earmarked on the eastern side to gain access to the proposed bus terminus. The estimated cost for the formation of
