Read:

1. From the Managing Director, Chennai Metropolitan Water Supply and Sewerage Board, Letter No. CMWSSB/O&M/SE(T&T)N/I&A/2014, dated 22.9.2014.
2. From the Director of Town and Country Planning, Letter No.14604/2014/NPD dated 31.3.2015.
3. From the Managing Director, Chennai Metropolitan Water Supply and Sewerage Board, Letter No. CMWSSB/O&M/SE (T&T)N/I&A/2015, dated 9.6.2015.

ORDER:

The Director of Town and Country Planning in his letter second read above has stated that the Managing Director, Chennai Metropolitan Water Supply and Sewerage Board in his letter first read above, has proposed for the work of "Creation of New Infrastructure Assets by providing water mains and feeder mains in left out streets in old city and added areas" for improvement in water supply in core city and added areas for a length of 310.12 Kilometers, due to the following reasons:-

- Consequent on the inclusion of 42 adjacent local bodies within the Chennai Corporation limits, the operational area of the Chennai Metropolitan Water Supply and Sewerage Board has increased from 174 square kilometers to 426 square kilometers.
- The Chennai Metropolitan Water Supply and Sewerage Board is currently operating its services through 15 Area Offices and 200 Depot Offices.
- At present, the Board supplies about 587 Million Liters Per Day (MLD) to domestic consumers in the City area and about 45 MLD of water to bulk consumers such as adjacent local bodies and industries located in Chennai Metropolitan area.

- The water is distributed through 16 Water Distribution stations and the total length of distribution water mains is about 4447 kilometer.
- Rapid urbanization, high population and merging of added areas to Chennai city has resulted in sharp increase in water demand.
- Therefore, in order to improve the water supply in these locations and also in added areas a proposal has been formulated for laying new feeder water mains and providing new water mains in left out streets.

2. The Director of Town and Country Planning has further stated that a Detailed Project Report (DPR) has been prepared for Rs.120.37 crore for the above work, by the Chennai Metropolitan Water Supply and Sewerage Board, which will improve the water supply position in the Areas of Kodungaiyur, Erukkancherry, MKB Nagar, Old and New Washermenpet, Tondiarpet, Royapuram, Perambur, Vyasarpadi, Ambattur, Mogappair, Anna Nagar, Kilpauk, Villivakkam, Ayanavaram, Egmore, Chetpet, Thousand lights, Nungambakkam, Mylapore, Foreshore Estate, Vadapalani, T.Nagar, Arumbakkam and Velachery.

3. The Director of Town and Country Planning has informed that, the subject was placed before the 13th meeting of the Infrastructure and Amenities Promotion Committee Meeting held on 6.11.2014 as agenda item No.9 and the Committee decided as follows:-

"The Committee approved the proposal subject to the following conditions viz.,

1. The DPR prepared for creation of new infrastructure assets by laying new pipelines for water supply in eight areas have to be vetted by an independent consultant.
2. The adequacy of the new proposed water main while replacing the existing old water main, considering the present population and future growth."

4. The Director of Town and Country Planning has requested the orders of the Government to allocate an amount of Rs.120.37 crore under Infrastructure and Amenities Fund, for carrying out the work of "Creation of New Infrastructure Assets by providing water mains and feeder mains in left out streets in old city and added areas", by the Chennai Metropolitan Water Supply and Sewerage Board.

5. The Managing Director, Chennai Metropolitan Water Supply Board in his letter third read above has stated a consultant was engaged for proof checking of the DPR and after proof checking the revised DPR cost works out to Rs.116.0352 crore. The Managing Director, Chennai Metropolitan Water Supply and Sewerage Board has therefore requested necessary Sanction for the above project, at an estimated cost of Rs.116.0352 crore.
