1. G.O. (Ms) No.70, Municipal Administration and Water Supply Department, dated 26.7.2012.
2. From the Managing Director, Chennai Metropolitan Water Supply and Sewerage Board, Letter No.CMWSSB/O&M/SE(C)/ 024/2014, dated 27.11.2013 and 7.3.2014.
3. From the Commissioner of Town & Country Planning, Letter No. 24609/13/NPD, dated 12.3.2014.

ORDER:

The Managing Director, Chennai Metropolitan Water Supply and Sewerage Board, in the letter second read above has stated that rapid urbanization is throwing up several challenges and the Chennai City is expanding vertically. The individual houses are being converted into multistoried buildings with several dwelling units. Though the erstwhile Chennai city is fully covered with sewerage system, a portion of the untreated sewage find its way into the water ways due to the malfunctioning of the system and capacity constraints of sewers. All the waterways within Chennai City have been perambulated and a total of 337 number of sewage outfalls have now been identified. Among them, there are 105 sewage outfalls in cooum river, 183 sewage outfalls in Buckingham canal and 49 sewage outfalls in Adyar basin.

2. In the Budget 2012-2013 among others, an announcement was made that Government has proposed to plug 337 outfalls to prevent untreated sewage from entering into the Chennai City waterways and to treat this sewage before letting it out, at a cost of Rs.300.00 Crore.

3. The Managing Director, Chennai Metropolitan Water Supply and Sewerage Board has stated that an action plan has been formulated to prevent flow of untreated sewage into waterways and also to plug all 337 number of sewage outfalls into these waterways by strengthening the existing sewerage

system. The improvements to the sewerage system are classified into different categories namely;

1) Enlargement of sewage pumping main,
2) Construction of roadside pumping stations,
3) Improvements to existing pumping stations,
4) Enlargement of gravity sewage mains and
5) Laying of new gravity sewers

4. In the Government Order 1st read above, an amount of Rs.150.00 crore has been sanctioned under Infrastructure and Amenities (I&A) fund for carrying out the plugging of 179 sewage outfalls of 337 outfalls as phase-I, to prevent untreated sewage from entering into Chennai City waterways and to treat this sewage before letting it out into the Chennai city waterways.

5. The Managing Director, Chennai Metropolitan Water Supply and Sewerage Board has stated that in the 2nd phase, a Detailed Project Report (DPR) has been prepared for Rs.163.00 crores to plug the remaining 158 (337-179) sewage outfalls in Chennai City water ways by way of strengthening the existing sewerage system. The Managing Director, Chennai Metropolitan Water Supply and Sewerage Board has therefore requested the Member Secretary, State Infrastructure and Amenities Promotion Committee / Commissioner of Town and Country Planning to allocate funds for the above project from the funds available under Infrastructure and Amenities fund to meet the following expenditure anticipated for this project.
