ORDER

The present status of the Hill areas of Tamil Nadu are fast reaching a point of no-return. There has undoubtedly been an alarming decline in the eco-syster of the Western Ghats even within living memory. This is because all economic activities, ultimately, entail increased extraction of environmental resources and always have an impact in modifying them. Majority of development activities are carried out only with general social benefits in mind involving a large number of agencies - public and private. Therefore, when the development takes place in ecologically fragile area like hills, the interaction leads to serious stress when the environment is loaded beyond its safe use capacity.

2. Often, the economic decisions are not guided by the social costs on the infrastructure and hill ecology. The entirely desirable goals of vegetable cultivation, livestock breeding, dairy development - repatriate rehabilitation, communication improvements, tourism promotion etc. have all led to overall severe deterioration in our hill environment. This is because of the fact that hill areas require a policy different from that of the plains which has not been fully recognised. The construction of an overall development philosophy for the hill areas is a speciali

... 2

task to be done by agencies specifically committed for the task. Such an effort calls for a multi-disciplinary approach which will encompass the activities of different government departments - Central and State Governments, non-governmental agencies, Institutions or private individuals and a comprehensive programme for implementation.

3. Considering these, it has been decidd to create a body, that will develop the hills into an ecologically acceptable and environmentally desirable area of India Land Mass. Therefore the Director of Town and Country Planning has sent a proposal for setting up a "Tamil Nadu Hill Areas Development Authority" under the provisions of section 13 of the "Tamil Nadu Town and Country Planning act, 1971".

4. The Government, after careful consideration, have decided that an Ad-hoc Authority should be set up now and the same be given a statutory basis in due course. The Government accordingly direct that an authority to be called "The Tamil Nadu Hill Areas Conservation Authority" be constituted with immediate effect.

5. Tamil Nadu Hill Areas Conservation Authority shall consist of the following members.

1. Chairman	:	A very senior Officer of the IAS to be appointed by the Government (part-time)
2. Member Secretary	:	Senior I.A.S., Officer to be appointed by the Government.
3. Ex-officio Member.	:	Secretary, Planning and Development Department.

ORDER:

In order to develop the hills into an ecologically acceptable and environmentally desirable area, in G.O.Ms.No.44, Planning and Development (TCII) Department dt. 2.4.1990 the Government have constituted a high level committee namely Hill Area Conservation Authority (HACA). As per the orders issued in this Government order, all the State Government and Quasi Government Departments shall consult the Hill Area Consservation Authority in respect of all development programmes undertaken by them as listed down in Annexure-III of the said Government Order in all Hill Taluks specified under Annexure I of the same Government Order.

2) The question of exempting the villages which are located in the plains though they fall in the taluks notified as hill taluks in that G.O. was discussed in the 22nd Hill Area Conservation Authority meeting held on 21.2.2001 and it was decided to obtain the details from the District Collectors regarding the villages which are actually located in the hill areas. The Director of Geology and Mining has scrutinised the same in consultation with the District Collectors and sent his proposals indicating the details of villages which should fall within the purview of Hill Area Conservation Authority.

Verified Prodestate

3) Based on the reports received from the District Collectors concerned and in consultation with Director of Geology and Mining, the Special Commissioner of Town and Country Planning has sent amendment proposals to Annexure-I of Government order first read above and to notify the names of villages which are actually located in hill areas of the hill taluks of the various Districts.

4) The Government have carefully considered the proposal of the Special Commissioner of Town and Country Planning and approved the list of villages sent by the District Collectors, which are actually located in the hill areas of the hill taluks. The names of the Districts and the names of the villages located in the hill taluks of the respective districts are given in Annexure-I to this order.

5) The Government in partial modification of G.O.Ms.No.44, Planning and Development (TC I) Department, dt. 2.4.1990 direct that in respect of the villages identified as Hill villages in these Hill Taluks, indicated in the Annexure-I to this order, permission from HACA should be obtained for all activities specified in Annexure-II of this Government Order before they are taken up for execution or grant of permission.

6) The Government also direct that for other villages lying in the plains of these Hill Taluks, obtaining permission from the Hill Area Conservation Authority is not necessary and the respective Departmental officials should pursue the activities specified in the Annexure II to this Government Order as per the existing Acts, rules and orders in force.

7) The Government further direct that, in respect of all villages in the Hill Taluks wherever Reserve Forest lands are available, the activities mentioned in Annexure-II of this Government Order in those lands have to be got cleared by the Hill Area Conservation Authority, as required in the Government order first read above.
