

The image displays two architectural drawings of a building facade and section.

Elevation: The elevation shows a building facade with a flat roof. The roof is labeled "R.C. ROOF WITH ROOF SLAG 150/4". Below the roof is a "WEATHERING COURSE". The main body of the building is labeled "SAND FILLING". The building is supported by "R.C. COLUMN FOOTING" and "SAND FILLING". The total height of the building is 9.15 meters. The width of the building is 9.15 meters. The elevation is labeled "Elevation" in red.

SECTION - 'A-A': The section shows a cross-section of the building. The roof is labeled "R.C. ROOF WITH ROOF SLAG 150/4". Below the roof is a "WEATHERING COURSE". The main body of the building is labeled "SAND FILLING". The building is supported by "R.C. COLUMN FOOTING" and "SAND FILLING". The total height of the building is 9.15 meters. The width of the building is 9.15 meters. The section is labeled "SECTION - 'A-A'" in red.

Dimensions: The dimensions are provided in meters. The total height of the building is 9.15 meters. The total width of the building is 9.15 meters. The height of the roof is 0.13 meters. The height of the weathering course is 0.30 meters. The height of the sand filling is 2.71 meters. The height of the R.C. column footing is 0.87 meters. The width of the R.C. column footing is 1.20 meters. The width of the sand filling is 1.20 meters.

SECTION - 'A - A'
