

Architectural elevation drawing of a building facade. The drawing shows a multi-story structure with a central entrance and a balcony. The height dimensions are indicated on the left side of the drawing:

- 0.90 (Height of the ground floor entrance area)
- 3.05 (Height of the ground floor)
- 7.00 (Total height from ground level to the top of the balcony)
- 3.05 (Height of the balcony area)
- 2.14 (Height of the upper floor area)

The drawing also includes labels for the different levels:

- GROUND LEVEL
- GROUND FLOOR LEVEL
- FIRST FLOOR LEVEL
- TERRACE FLOOR LEVEL

The central entrance features a door with a transom window. The balcony area is filled with vertical lines, suggesting a railing or screen. The upper floor area is a solid rectangle.

The diagram illustrates a cross-section of a three-story building. The total height is 7.00m, divided into three equal floors of 3.05m each. The ground floor level is at the base, followed by the first floor level and the terrace floor level. The building has a parapet wall on the terrace floor, which is 1.22m high. The roof is labeled 'OVERHEAD TANK SCIENTIFICALLY SEALED'. The building is situated on a ground level with a sand filling layer. The building is labeled 'KUN PERUMA'.
