Respected Sir/Madam,

Sub: RERA Registration – **Clarification regarding the LT Line remark.**

This is the second time you have raised a query. In the first query, there was no mention about any LT line crossing the site. After the first query was raised, I personally came and met you regarding the issue. At that time, you informed me to upload the required documents again.

However, in the second query, it has now been mentioned that an LT line is crossing the site. But in reality, there is no LT line present at the site.

If required, you may kindly verify the DTCP drawing copy by scanning and checking it. If you still have any doubt, I request you to kindly visit the site directly and inspect it. Once you visit the site, you will clearly understand what is true and what is not.

Therefore, I kindly request you to verify the matter and take the necessary action.

Thanking you,

N. அபுரொஜ்பேகம்
