GUIDELINES FOR CONSTRUCTION AND DEMOLITION WASTE
MANAGEMENT

In exercise of the powers conferred under section 199 of TNULB ACT 2023 and the Construction & Demolition Waste Management rules, 2016 and in order to ensure effective Construction & Demolition Waste Management in the Corporation of Chennai, the council hereby makes the Construction and demolition waste management Guidelines 2025.

1) **Waste Generator:** is defined by the C&D Rules as any person or association of persons or instructs residential and commercial establishments including Indian railways, airport, port and harbour and defence establishments who undertakes construction or demolition of any civil structure which generate C&D Waste. For this purpose "waste generators" shall be divided into four types and the definition for different types of waste generators are follows.

i. **Micro generators:** The small generation who occasionally generate C&D Waste less than 1 MT from minor house repairs, broken ceramic sanitary ware like tiles, bathtubs, commodes, washbasins etc.

ii. **Small Generators:** Those that generate C&D waste during building renovation, remodeling or repairor maintenance works etc. where the total amount of C&D Waste generated in the entire project is more than 1 MT and less than 20 MT per day.

It is clarified that if the project generates (a) an aggregate of 300 MT of C&D Waste per month and/or (b) pertains to demolition work covering an area equal to or more than 600 square metres, and/or (c) construction or building repair work covering an area equal to or more than of 6000 square metres, the waste generator will not be considered as a "Small Generator" and will have to comply with the requirements of a "Bulk waste generator"

iii. **Bulk waste generators:** Waste generators who generate (a) 20 MT or more in one day or 300 MT per project in a month as identified separately in the C&D Rules and/or (b) demolition work covering an area equal to or more than 600 square metres, and/or (C) construction or building repair work covering an area equal to or more than 6000 square metres. They shall dispose the C&D waste at the processing location.

நகரமைப்பு பிரிவு - பணித்துறை

iv. **Service Providers:** They are defined as authorities who provide services like water, sewerage, electricity, telephone, roads, drainage etc. who often generate C&D Waste during their activities, which include excavation, demolition and civil work. For Greater Chennai Corporation, the following and their subsidiary organisations shall be indicatively considered as "Service Providers":

- Public Works Department (PWD) and Central Public Works Department (CPWD)
- Chennai Metro Rail Corporation (CMRL)
- National Highways Authority of India (NHAI)
- Airport Authority of India, Chennai (AAI, Chennai)
- Indian Railways
- Chennai Metropolitan Water Supply and Sewerage Board (CMWSSB)
- Chennai Metropolitan Development Authority (CMDA)
- Tamil Nadu Generation and Distribution Corporation Limited (TANGEDCO)
- Tamil Nadu Road Development Corporation (TNRDC)
- Tamil Nadu Electricity Board (TNEB)
- Tamil Nadu Urban Habitat Development Board (TNUHDB)
- Tamil Nadu Water Supply and Drainage Board (TWADB)

It is highlighted that GCC can introduce additional categories of waste generators for better management of C&D Waste if they deem fit.

The respective occupiers/owners/developers of a construction project shall be solely responsible for removal/transport/disposal of their C and D waste.

The occupiers can contact GCC's website for hiring services of the Construction and Demolition waste transporters or empanelled vendors or the GCC authorized Concessionaires and to pay necessary collection and transportation charges to transporters and pay for processing fee.

All generators shall not mix such Construction and Demolition wastes, inerts and debris with any other category of waste like wet waste, recyclable waste or any other types of wastes such as MSW, Plastic, Packaging material, gypsum, etc.

All hazardous wastes (explosive and related products fuels and heating oil, chemical admixtures, transformers Tar and Tar products etc) shall not be mixed with

Greater Chennai Corporation
நகரமைப்பு பிரிவு - பணித்துறை

C and D waste but sent separately to TNPCB authorized recyclers or to hazardous waste disposal sites at their own cost and furnish proof of compliance whenever demanded.

Non compliance of getting Constructions and Demolition Waste Management plan and payment of user charges will attract the penalties.

It is Inevitable to penalize those who generate Construction and Demolition waste who do not comply with the one mentioned frame work.

**LIST OF APPROVED CONSTRUCTION & DEMOLITION WASTE
MANAGEMENT SITES DESIGNATED BY GCC FOR PROCESSING**

Zone	Division	Name of the Facility & Address	Zones covered
4	37	Construction and Demolition waste processing facility, Kodungaryur Dumping Ground	Zones 1 to 8
14	184	Construction and Demolition waste processing facility, Perungudi Dumping Ground	Zones 9 to 15

ILLUSTRATIVE RATES FOR SERVICE CHARGES

Part I – Service Charges payable by Waste Generators except Bulk waste Generators

S.No	Type of Waste Generators (excluding bulk waste generators)	Service charges in INR
1.	For collection and Transportation of C&D waste	1. Upto 1000 kg – free of cost 2. Rs. 2500.00 per 1MT (above 1MT and less than 20 MT) if GCC service requires.

* These rates are indicative and, in the event, the GCC wants to change the Service fee from the above-mentioned rates due to any reason, it should cover the following costs for the GCC and /or private service provider on an aggregate basis;

1. Loading of C&D waste (manpower and equipment such as JCB) and Transportation costs from waste generation point to C&D waste collection centres / waste processing facilities (i.e fuel, maintenance costs of the vehicles and manpower) @ Rs.2500/- per MT
2. Costs of processing C&D Waste at the processing facilities @ Rs 800/- per MT

பெருநகர சென்னை மாநகராட்சி
Greater Chennai Corporation
நகரமைப்பு பிரிவு - பணித்துறை

GCC will prescribe separate service charges fees for different C&D Waste management activities whenever new technologies are implemented. All payment gates will be available in GCC website.

PART II - Bulk Waste Generators deliver their waste :

Bulk Waste Generators transport their Construction and Demolition waste on their own cost and delivered to processing centre.

1. Costs of processing C&D Waste at the processing facilities @Rs.800/MT

PENALTIES (see Solid Waste Management Bye-law 2019 5.1 & 8)

Sl.No	Sub Section / Details of Section Rules	Penalty Amount (Rs.)
1	Unauthorized dumping of Construction and Demolition waste in all public places	Rs.5000.00

ILLUSTRATIVE PENALTIES FOR NON-COMPLIANCE

Sl.No	Offence	Bulk Generator/Service provider/Transporter (INR)	Small Waste Generator (in INR)	Collection & Transportation service provider (in INR)
1.	Dumping of Construction and demolition waste in storm water drains, open spaces and other non-designated areas	5000 per ton of C&D waste dumped	3000 per ton of C&D waste dumped	3000 per ton of C&D waste dumped. In addition, the GCC, through appropriate authorities, can impound the vehicle which will be released upon compounding of offences and payment of fines
2	Non-Compliance of the conditions of the waste management plan	i. 25,000 per day of default if (a) Construction or repair work is upto 6000 square metres and /or (b) demolition is upto 600 square metres	N.A	N.A

Detail Guidelines for Construction and Demolition Waste Management is available in GCC Website.
