CONDITIONS :

(I)THE FOLLOWING CONDITIONS OF WRD VIDE THE CE, WRD, CHENNAI REGION, CHEPAUK, CHENNAI-5, LETTER NO.DB/T5(3)/F-NOC 93093285 PUTHUR VILLAGE 4146/2024/ DATED:28.05.2024, OBTAINED TO THE RECLASSIFICATION A.R.NO.223/2024, DATED:11.11.2024 ARE TO BE COMPLIED BY THE APPLICANT BEFORE ISSUING OF THE LAYOUT APPROVAL BY THE COMPETENT AUTHORITY (LOCAL BODY).

1. The existing ground level of the site should be raised to minimum level of (+)9. 450m (i.e)0.31m above the crest level of Puthur Thangal (FTL) is (+)9.140m and the applicants' site with filling level varies to 1.03m to 1.71m with layers of not more than 0.30metre depth to achieve required degree of compaction to the entire area of the applicant's land to avoid inundation during the heavy rains. Also, the applicants should provide emergency pumping operation for the seepage water, if it is proposed to have basement floor and as well as de watering arrangements during flood periods. The all round pavement level within the site should not be less than (+)9.450m and the applicant is suggested not to have regular habitation below MFL
2. The applicants should clearly demarcate the boundary of their land before the commencement of any developmental activities in the presence of Revenue and WRD authorities concerned without fail and should not encroach the government land and the same should be maintained as it is in the revenue records if any damages occurred in the tank and it should be restored to its original condition at their own cost
3. The permission granted to the applicants, should not be altered/modified/changed to any others. Based on the records submitted by the applicants, the permission is granted. If any documents seem to be fake/manipulated/fabricated, in future the above permission will be cancelled without any correspondence and deposited amount for caution deposit will not be refunded. Hence, the applicants are solely responsible of genuinety of the documents submitted.
4. The WRD officers should be allowed to inspect the site at any time, during execution and thereafter, if necessary. Advance intimation should be given to the WRD officers concerned before commencement of work
5. The applicants should abide by the rules and regulation of the WRD from time to time. The applicants should also abide court of law of both State & Central Government from time to time
6. WRD is giving opinion only in connection with the inundation aspect and does not deliver any rights to the applicants to encroach the WRD/Government Lands/Channel
7. The applicants should not object at any time for the maintenance work /improvements work of the odai to be carried out by WRD. The applicant should not dump the garbages/debris in the odai and avoid the sewage water into the channel, etc. The applicant should give an undertaking in writing to the effect that the above proposal will not obstruct in case any maintenance/improvement/ development works as per Revenue records [FMB] are to be carried out by WRD in future periodically.

TECHNICAL SUGGESTION

a. The applicants should prepare the layout proposal by considering the suitable internal storm water drainage network drain as micro drains ie peripheral drain of suitable size not less than 150m to 1.20m & lateral of suitable sizes within the site as per the site condition and the same should be connected to the local drain at their own cost, rainwater harvesting, roads with side drain and sewerage treatment plant and its disposal & garbages/debris and other solid waste management as per norms in existence within the applicants' land, according to the existing rules in force and should get proper approval from the competent authority without fail.

The sewage or any unhygienic drainage (Treated or Untreated) should not be let into drain/channel/course at any cost and the debris and other materials should not be dumped into the drain /surplus course obstructing free flow of water. The applicants should make drainage network, at their own cost and the same is to be connected to natural storm water drainage/channel

b. The necessary setback distance of 3.00m especially on Northern side should be provided within their land as per the norms in existence and as per the rules in force of CMDA (Circular issued by the office of the Commissioner of Town & Country Planning, Chennai 2 vide Roc. No. 4367/2019 BA2/13.03.2019) during development and there should not be any construction. The CMDA should issue the completion certificate only after obtaining compliance certificate from WRD.

c. The applicants should get clearance certificate for their site from the Revenue department to make sure that the site is not an encroached property from the water body as well as confirming this proposed site boundaries

d. The sewage water from applicant land should not let into the drain and for the disposal of the sewage water, suitable arrangement should be made for the same by the applicant, as well as the construction materials/ debris/garbages should not be dumped into the channel at any cost.

At any cost, Sewage/ Sullage should not be let into the Channel, and the garbages, debris and construction Materials should not be dumped into the Channel/River restricting the free flow of Water.

The owner of the document received from the applicants in respect to the ownership is purely of applicants responsibility and it is only for reference purpose to this department. The legal validity of this document should be verified by the Development / Revenue authorities. The specific remarks on inundation are purely issued on technical grounds in respect to the physical location of land.

Falling to comply with any of the above conditions, WRD reserves rights to withdraw the Technical opinion along with NOC on inundation point of view for the above proposed site and in event, the applicants shall not be eligible for any compensation whatsoever and as well as legal entity
