   WERE HANDED OVER TO THE LOCAL BODY VIDE GIFT DEED DOC.NO:6591/2024, DATED:16.07.2024 @ SRO,NEELANKARAI.

CONDITIONS:

(I) THE FOLLOWING CONDITIONS OF PWD VIDE THEIR LETTER NO.DB / T5(3) /F- 10544 / NOC - SHOLINGANALLUR VILLAGE / 2022 / 28.10.2022 OBTAINED FOR FILE NO. LAYOUT-1/11438/2022 APPROVED LAYOUT NO.PPD/LO No.168/2022, WHICH ARE TO BE COMPLIED BY THE APPLICANT BEFORE ISSUING OF THE LAYOUT APPROVAL BY THE COMPETENT AUTHORITY (LOCAL BODY)

1. The applicants' land should be filled with earth filling with proper compaction to the minimum level of (+)3.625m (i.e.) 4.975m below top level of Sholinganallur Road Bridge is (+)8.600m MSL, to protect the site from inundation during floods.The process of earth filling and compaction should be done in layers of not more than 0.30 metre depth to achieve required degree of compaction for the depth from 0.885m to 1.125m depending upon the existing field levels. Also, the applicants should provide emergency pumping operation for the seepage water, if it is proposed to have basement floor and as well as dewatering arrangements during flood periods.

   The applicant is suggested not to have regular habitation below the MFL as well as the basement floor should be used as still floor during development in order to avoid any panic situation.

2. The all-round pavement level within the site should not be less than (+3.625m. The applicants should prepare the layout proposal by considering the suitable internal storm water drainage network as peripheral drain of size not less than 0.75m x 0.90m and lateral drain of suitable size, as per prevailing site conditions within the site. Moreover the drainage channel of size 0.60m x 0.90m should be constructed in the proposed road side having bed level as (+) 2.540m. The same should be connected to the local drain / channel, rainwater harvesting, roads with road side drain and sewerage treatment and its disposal and garbages / debris and other solid waste management as per norms in existence within the applicant's land according to existing rules in force and should get proper approval from competent authority without fail.

   The sewage or any unhygienic drainage (Treated or Untreated) should not be let into drain / channel / course at any cost and the debris and other materials should not be dumped into the drain / surplus course obstructing free flow of water.The applicants should make drainage network, at their own cost and the same is to be connected to natural storm water drainage / channel. There should not be any hindrance to the free flow of internal drain to downstream.

3. The applicant should provide necessary setback distance (not less than 3m) especially Eastern side within the site as per site condition as per the norms in existence and as per the rules in force of CMDA (as per the circular issued by the office of the Commissioner of Town & Country Planning, Chennai - 2 vide Roc. No.4367 / 2019-BA2 / Dated: 13.03.2019) during development and there should not be any construction activities in future also, the CMDA should issue completion certificate only after obtaining compliance certificate NOC from WRD.

4. The applicants should clearly demarcate the boundary of their land before commencement of any developmental activities in the presence of Revenue and WRD authorities especially Eastern side concerned without fail and should not encroach the Government land / water body and the same should be maintained as it is in the Revenue records.

5. The permission granted to the applicants, should not be altered / modified / changed to any others. Based on the records submitted by the applicants, the permission is granted. If any documents seem to be fake / manipulated / fabricated in future the above permission will be cancelled without any correspondence. Hence, the applicants are solely responsible of genuinety of the documents submitted.

6. The WRD officers should be allowed to inspect the site at any time, during execution and thereafter, if necessary Advance intimation should be given to the WRD officers concerned before commencement of work.

7. The applicants should abide by the rules and regulation of the WRD from time to time. The applicants should also abide court of law of both State & Central Government from time to time.

8. The applicants should get clearance certificate for this site from the Revenue department to make sure that the site is not an encroached property from the water body as well as confirming this proposed site boundaries.

9. WRD is giving opinion only in connection with the inundation aspect and does not deliver any rights to the applicants to encroach the WRD / Government Lands/ river. The NOC for this site from the WRD is purely issued on the basis of inundation point of view.

10. The applicant should not carry out any other cross masonry structures across the Thangal without prior permission from WRD.

11. The sewage water from the applicant land should not let into the drain and for the disposal of the sewage water, suitable arrangements should be made for the same by the applicants, and as well as the construction materials/debris/garbages should not be dumped into the channel/river at any cost.

    At any cost, sewage/sullage should not be let into river, and the garbages, debris and construction materials should not be dumped into the channel/river restricting the free flow of water.

12.The applicant should not object at any time for the maintenance works / improvement works of the channels which are proposed to be carried out by WRD. The applicant should give an undertaking in writing to the effect that the above proposal will not obstruct in case any maintenance / improvement / development works as per Revenue records (FMB), which are proposed to be carried out by WRD in future periodically.

(II) TNCDBR-2019 RULE NO: 47 (9) IN G.O.(Ms) No.18, MAWS DEPARTMENT DATED 04.02.2019 & AMENDMENTS APPROVED IN G.O.Ms.No.16, MAWS (MAI) DEPARTMENT DATED 31.01.2020 AND PUBLISHED IN TNGG ISSUE No.41 DATED 31.01.2020
