With reference to the above, we hereby state that a total of **210 car parking slots** have been provided in our project.

In the approved plan, the number of car parking slots has been mentioned as **212** in the legend. This discrepancy is purely an **inadvertent typographical error**. We further confirm that the car parking provided is **equal to or more than the minimum requirement** stipulated under the **TNCDBR 2019 norms**.

In view of the above clarification, we kindly request you to accord the **project registration approval at the earliest**.

Thanking you.
